Policy

Official (Rev: 6)

Purpose

Skagit Regional Health (SRH) is committed to ensuring our patients get the Appropriate Hospital-based Medical Services they need regardless of ability to pay for that care. Providing health care to those who cannot afford to pay is part of our mission, and State law requires hospitals to provide free and discounted care to eligible patients. Patients may qualify for free or discounted care based on family size and income, even if they have health insurance.

Policy

Skagit Regional Health provides notice of its Financial Assistance program and will make a good faith effort to ensure information is made available to our patients regarding its availability. SRH (Inpatient and hospital based outpatient clinics/facilities) will post signs in Registration, Patient Financial Counseling and Emergency Departments of the availability of this program. Non Hospital Based Clinic locations (POS 11) are not required to post such notice. This policy is intended to ensure that Washington State residents who are at or near the federal poverty level receive appropriate Hospital Based Medical Services regardless of their ability to pay. Financial Assistance/Sliding Fee Scale will be granted to all persons regardless of race, color, sex, religion, age, sexual orientation, gender identity, gender expression or national origin. In order to protect the integrity of operations and fulfill this commitment, the following criteria for the provision of Financial Assistance/Sliding Fee Scale, consistent with the requirements of the Washington Administrative Code (WAC), Chapter 246-453, are established. These criteria will assist staff in making consistent and objective decisions regarding eligibility for Financial Assistance/Sliding Fee Scale while ensuring the maintenance of a sound financial position for the organization. All Financial Assistance/Sliding Fee Scale write offs will be approved by the Business Office Director and/or Supervisor

Eligibility Criteria

All services as defined in section 1, 2 and 3 above, which are not covered by a third party payment source or unpaid patient balances shall be considered for Financial Assistance/Sliding Fee Scale write off. The guidelines used as criteria will include but not be limited to the following:

1. Person eligible for Financial Assistance/Sliding Fee Scale will be comprised of those deemed to have undue financial hardships, considering income, resources, and obligations as determined by SRH, that make them unable to pay for all or a portion of their medical care. Such consideration will include a review of gross income as calculated for the twelve (12) month period prior to the date of service, family size, and net worth including short and long term debts and liabilities, and other pertinent factors peculiar to each financial assistance request. If income at time of application is verified to

be lower than at time of service, the lesser of the two shall be used for the determination. However, consideration of assets is not permissible for applicants whose family income falls below 100% of the federal poverty guidelines.

2. An eligible applicant found to have an adjusted family income equal to or less than 100% of the then current federal poverty level will be granted financial assistance equal to the full amount of hospital charges for appropriate-hospital based medical services. The following sliding fee schedule shall be used to determine the patient responsibility amount for patients with income levels 100% up to 500% of the current federal poverty level. A copy of the sliding fee scale is available in the Business Office and on the SRH website (<http://www.skagitregionalhealth.org/patients-and-visitors/for-patients/financial-billing-and-insurance-information>). The responsible party's financial obligation which remains after the application of the sliding fee schedule may be payable in monthly installments over a reasonable period of time, without interest or late fees, as negotiated between SRH and the responsible party.
3. Applicants residing in a nursing home, long term care facility, or custodial care facility with disposable income of less than \$150.00 per month may qualify for Financial Assistance/Sliding Fee Scale even if their income exceeds the guideline limit but is used for their principal care.
4. Balances due from deceased patients who leave no estate and/or have no living spouse/legal guardian will be considered eligible for financial assistance.
5. Prima Facia Write Offs: SRH may choose to grant Financial Assistance/Sliding Fee Scale based solely on the initial determination. In such cases, SRH will not complete full verification or documentation of any request.
6. Exceptions to this policy may be considered on a case by case basis due to extra-ordinary circumstances. Exceptions must be of a more generous nature than the standard allowances and for the financial benefit of both the patient and the organization.

Eligibility Determination

In order to qualify for financial assistance, the patient and/or guarantor must fully cooperate with SRH in exploring and apply for all resources that do not require the patient to pay premiums. SRH will make an initial determination of eligibility based on verbal or written application for Financial Assistance/Sliding Fee Scale. Pending final eligibility determination, SRH will not initiate collection efforts or requests for deposits, provided the responsible party is cooperative with the SRH efforts to reach a determination of sponsorship status, including return of applications and documentation within fourteen (14) days of receipt, or such time that is medically and reasonably feasible, for patients to secure and present same.

1. SRH shall use an application process for determining initial interest in and qualification for Financial Assistance/Sliding Fee Scale. 2. Applicants may be required to apply for Medical Assistance through the State.

2. Patients will be asked to provide verification or eligibility for Medicaid or Medical Assistance. During the initial request period, SRH may pursue other sources of funding, including Medicaid. If SRH should have reason to believe information regarding the patients Medicaid eligibility is inaccurate, SRH may refer the information to their contracted vendor Resource Corporation of America (RCA) for verification.
 - a. Income shall be annualized from the date of application based upon documentation provided and upon verbal information provided by the patient. The annualization process will be determined by SRH and will take into consideration temporary increases and/or decreases of income.

 - a. The reason or reasons for the denial.
 - b. The date of the decision.
 - c. Instructions for appeal or reconsideration.

 - a. A description of the information that was requested and not provided, including the date the information was requested.
 - b. A statement that eligibility cannot be established based on information available to SRH.
 - c. Eligibility will be determined if, within fourteen (14) days from the date of the denial notice, the applicant provides all specified information previously requested but not provided.

The Business Office Director and/or Financial Assistance Board will review all appeals. The Financial Assistance Board will consist of the Chief Financial Officer, the Medical Director, and the Business Office Director. If this determination affirms the previous denial, written notification will be sent to the patient and/or guarantor and a copy of the denial notification and the application materials will be sent to the Washington State Department of Health as required by WAC 246-453-020.
4. During the period of appeal for financial assistance, collection efforts will cease in accordance with WAC 246-453-020(9)(b).
5.
